

Optimise your workforce

A truly global, end-to-end HCM package built for medium-sized organisations

PeopleHub powered by SAP SuccessFactors supports the end-to-end employee lifecycle from attract to hire to retire and every process in-between. The solution includes a role based HR Portal, a web based self-service solution and a mobile solution that supports employees on the go, and fully integrates into your landscape to ensure a seamless user experience to all employees.

The solution is bundled with one of Zalaris's robust service delivery models that provides clients with the ability to focus on running their core business, whilst we take care of their most important asset - their people.

Package Implementation Time: from 9 weeks, depending on the module

Start anywhere with a modular based-approach, enable modules as your organisation evolves.
